Dear Human Resource Team,

As a senior at Bowling Green State University studying business with a concentration in Supply Chain Management, I have developed a thorough background in logistics, operations, and problem solving. I am eager to contribute my polished set of skills to your team.

In my academic journey, I have gained hands on experience in supply chain principles, including coursework in global strategy, planning and operations, and management and negotiation. Additionally, my involvement in organizing events as a social chair for the Sigma Chi Fraternity has strengthened my abilities in coordinating schedules, managing budgets, and collaborating with diverse teams to achieve shared goals. I believe these experiences have prepared me to handle the complexities of a supply chain position that demands attention to detail, effective communication, and the ability to meet deadlines consistently.

What sets me apart is my proactive approach to solving challenges and my ability to build strong working relationships. I am confident that my persistence, patience, and adaptability will make me a valuable addition to your team.

I would welcome the opportunity to discuss any opportunity further. Please feel free to contact me at alexhungerford13@gmail.com. Thank you for your consideration and I look forward to the possibility of contributing my skills to your goals.

Sincerely,

Alexander P. Hungerford
